WHAT'S AN OMNILINK?

It's an on-demand transportation system providing curb-to-curb service for the general public in Chino Hills. OmniLink minibuses do not travel a regular route. Instead, they respond to daily phone requests for service.

Curb-to-Curb Service

It works like this: after you've scheduled a ride, the OmniLink minibus stops in front of the nearest vehicle-accessible location (like a curb). The driver honks and waits (no more than three minutes) for you to come out. For safety reasons, the driver is not permitted to go up private driveways or back into or out of a street. So basically, your ride begins and ends curbside.

Pick-up Times

OmniLink uses 40-minute windows to schedule pick-up times. For example, if you request a 9:00 a.m. pick up, OmniLink schedules your window as 8:50 a.m. to 9:30 a.m. Be ready for your ride anytime within that timeframe. Only arrivals outside the window are considered early or late.

Using Wheelchairs or Mobility Aids

All OmniLink minibuses are lift-equipped. Ask the reservation clerk for details.

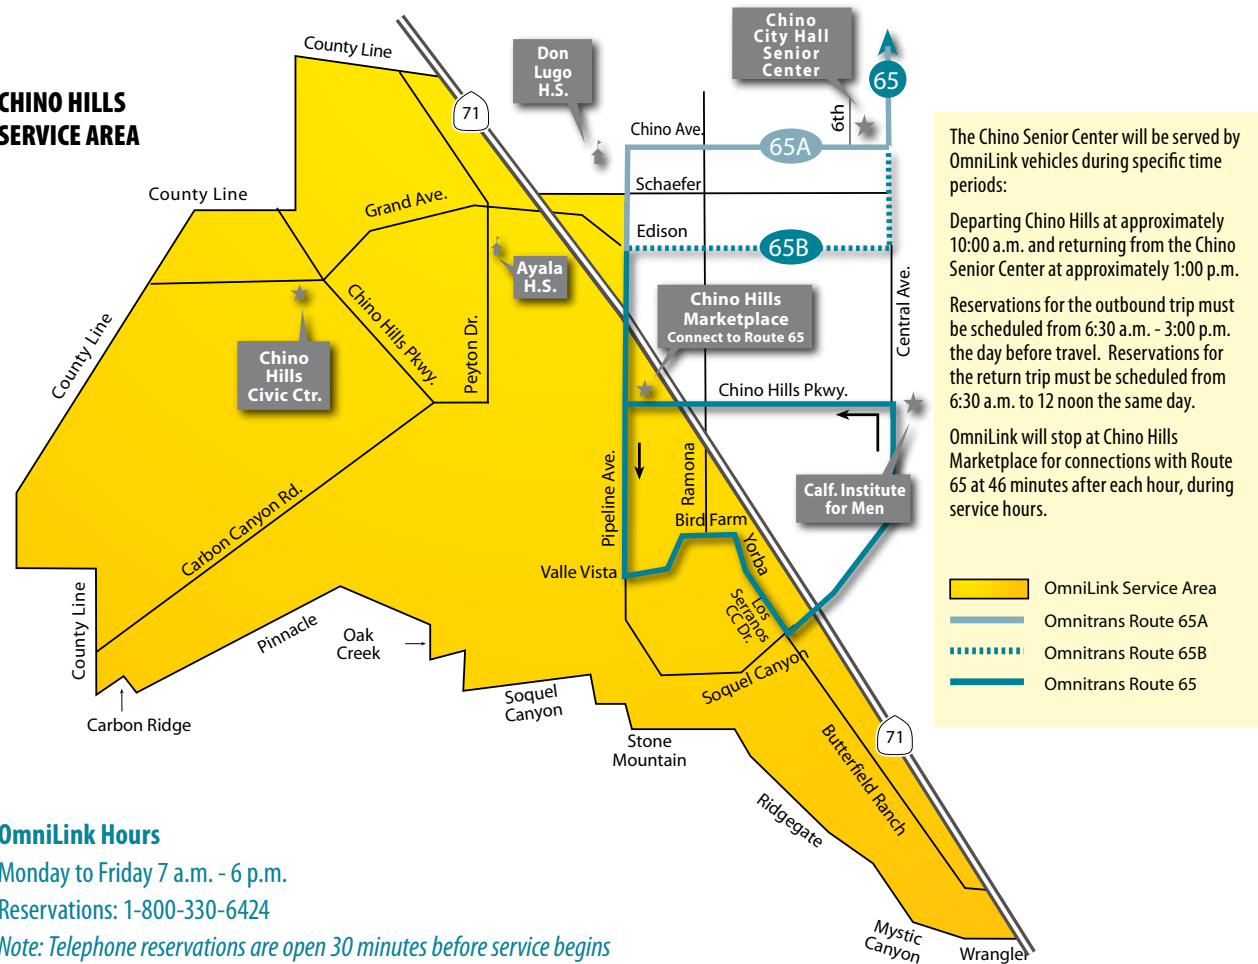

Service Animals

Designated service animals with proper harness may ride with you.

Monday to Friday 7 a.m. - 6 p.m.

THREE OMNILINK SERVICE LEVELS

- 1 Same-Day Service** You may call OmniLink for same day service on a space available basis.
- 2 Advance Reservations** You can make reservations up to three days in advance of your trip.
- 3 Repeater Service** You may qualify for Repeater Service if you make the same OmniLink trip at least three days a week. To register, you must be traveling to and from the exact same

location at the exact same times each day. Repeaters can make reservations for one calendar month at a time.

Cancellations must be made at least two hours prior to your target pick-up time. Otherwise, you will be classified as a "no show" passenger. Three "no shows" will result in denial of advance reservation or Repeater services for 6 months. Repeated no shows can result in denial of service.
